President, UC Berkeley Health Policy Club 2016–2018

Manuscript Reviewer, Michigan Undergraduate Journal of Public Health 2022–2024

Staff Writer, *Berkeley Public Policy Journal* 2016–2018

Member, American Society of Health Economists; AcademyHealth; Association for Public Policy Analysis & Management

TEACHING EXPERIENCE

Oakland University, School of Public Health Rochester, MI
Lecturer — PH 5700: Health Management and Policy 2023–2026

Medicaid, Actually Remote
Creator & Instructor — Original Medicaid policy, financing, and operations course 2025–Present

University of Michigan, Ross School of Business Ann Arbor, MI
Teaching Assistant — BE 708: Health Care Markets & Public Policy 2023–2026

University of Michigan, Ross School of Business Ann Arbor, MI
Teaching Assistant — BE 562: Growth and Stabilization in the Macroeconomy 2023–2025

University of Michigan, Ross School of Business Ann Arbor, MI
Teaching Assistant — BE 688: Health Policy & Politics Residential in DC 2023, 2025

U.S. Department of Health and Human Services Washington, DC
Instructor — Data Analysis and Visualization in Excel 2020

University of California, Department of Political Economy Berkeley, CA
Teaching Assistant — IAS 107: Intermediate Microeconomic Theory 2016–2018

University of California, Department of Political Economy Berkeley, CA
Teaching Assistant — IAS 106: Intermediate Macroeconomic Theory 2016–2018

RESEARCH EXPERIENCE

Institute for Healthcare Policy & Innovation Ann Arbor, MI
Doctoral Researcher 2023–2025

- Head researcher, coder, and modeler for NIH R01 grant: “The Affordable Care Act’s Role in Aging Disparities Before and After Medicare”
- Utilized American Communities Survey, Health and Retirement Survey, and Current Population Survey to construct interrupted time series and event-study triple-difference models; estimated causal effects of the ACA on health equity and coverage for the 50–64 aged population
- Head researcher for grant examining effects of Medicare’s rural floor wage index policy and switching between Medicare Advantage and traditional Medicare on persons with dementia

Agency for Healthcare Research & Quality Woodlawn, MD
Research Intern 2023

- Conducted research for the Center for Financing, Access, and Cost Trends using the Medical Expenditure Panel Survey and National Health Interview Survey to examine differences in health status and health risk between Medicaid and Marketplace enrollees

UC Berkeley Goldman School of Public Policy

Berkeley, CA

Research & Policy Consultant

2017–2018

- “CA County Spending Effects: Behavioral Health & Reducing Recidivism”: Original research for the California Behavioral Health Directors’ Association; analyzed spending allocation effects on behavioral health outcomes, recidivism, and downstream costs
- “An Analysis of Community Outreach Methods and Their Effectiveness on CalEITC Claiming”: Original research for the California Department of Community Services & Development; used county-reported data and regressions to determine most effective outreach methods for the California Earned Income Tax Credit

UC Berkeley Labor Center

Berkeley, CA

Graduate Student Researcher

2017

- Original research; head analyst & modeler for center publication on effects of Republican ACA repeal-and-replace healthcare proposals
- Prepared Medi-Cal data and literature reviews for the California Legislature and public stakeholders

University of California, San Francisco — Institute for Health Policy Studies

San Francisco, CA

Research Assistant

2017

- Provided research assistance for A. Gaffney paper *The Effect of Large-scale Health Coverage Expansions in Wealthy Nations on Society-Wide Healthcare Utilization* and JG Kahn paper *Lowering prescription drug costs in the US: Why prices are high and potential policy interventions*
- Led research constructing a model projecting the effect of a US transition to single-payer on household spending

Cal Poly San Luis Obispo, Economics Department

San Luis Obispo, CA

Capstone Researcher

2012–2013

- “Lessons for the Affordable Care Act: Finding Difference-in-Differences from the Massachusetts Health Reform”: Original research using DiD methodology with Massachusetts health reform to project effects of the ACA on health spending per capita, copays, and ER utilization

RELATED PROFESSIONAL EXPERIENCE

California Health Benefits Review Program

Remote

Cost Lead

2026–Present

- Serve as Medicaid and CA health policy subject matter expert for FY 2026 legislative year; analyze the financial impact of proposed health insurance legislation for the California Legislature using a cost model to provide independent, data-driven cost estimates

North Carolina Dept. of Health and Human Services

Remote

Senior Policy Advisor

2025–Present

- Advise Medicaid executive team including Chief Actuary and Medicaid Director on H.R. 1 (OBBBA) implementation, provider taxes, state directed payments, 1115 waivers, regulatory effect support, and impact modeling/evaluation

17a

Remote

Consultant

2024–Present

- Assisted in development and implementation of a major state’s \$8 billion Medicaid 1115

waiver amendment

- Developed strategies for state implementation of screening, enrollment, delivery, and tracking of Health-Related Social Needs (HRSN) services, and policy analysis for transition to a total cost-of-care model (AHEAD)
- Developed modeling, policy response, and briefing material for financial implications of proposed Community Engagement requirements on providers
- Advised on reformation of a large state's pharmacy benefit for Medicaid, including pooling with other state public agencies, interstate Medicaid pools, and implementation of novel rebate negotiating methods, a uniform preferred drug list, and formulary construction; generated \$200M+ in annual savings

Center for Medicare and Medicaid Services

Woodlawn, MD

PhD Intern

2023

- Subject matter expert on Medicaid financing; drafted Medicaid 1115 waiver demonstration amendment Special Terms and Conditions and evaluation designs for New York, California, and Massachusetts, totaling more than \$10 billion in federal funds
- Drafted new substance use disorder and mental health disorder monitoring guidelines for states

U.S. Department of Health and Human Services, Office of the Secretary Washington, DC

Medicaid Policy & Budget Analyst — Assistant Secretary for Financial Resources 2019–2021

- Headed the Medicaid financing portfolio, coordinating HHS analysis on Medicaid managed care, telehealth, DSH, state financing, territories & tribal financing, 1115 waivers, drug pricing and rebates, Medicaid apportionment, and baseline
- Personally wrote waiver updates, analysis, and tracking for HHS Secretary's daily briefing book
- Coordinated the budget process from policy formulation at CMS to OMB/White House submission, including congressional justifications
- Represented the Assistant Secretary and Office of Budget for all comments/revisions to Medicaid proposed and final regulations, 1115 waiver applications, CMMI models, budget scoring, draft legislation, and all guidance including State Medicaid Director Letters

Center for Medicare and Medicaid Innovation

Woodlawn, MD

Economist

2019

- Designed, conducted, and performed studies on economic issues related to CMMI models (Oncology Care Model, Comprehensive Care for Joint Replacement Model, Medicaid Maternal Mortality Model, Bundled Payments)
- Personally wrote the initial Innovation Center Investment Proposal (ICIP) for the Transforming Maternal Health (TMaH) model
- Designated by leadership as the “bridge” between executive policy and research/evaluation teams; distilled academic research into actionable insights
- Analyzed claims, Part D, and expenditure data from major CMS data warehouses to inform policy decisions and model development

California Association of Public Hospitals & Health Systems

Oakland, CA

Senior Policy & Finance Analyst

2018–2019

- Developed policy, financial, and operational initiatives for all 22 of California's public safety net systems; executed legislative initiatives and built relationships with California state leadership and health executives
- Led “big data” team: encounter data & Medicaid/Medicare cost report analysis, regulatory analysis of Medicare and Medicaid payment policy, 340B drug policy, research of Medicaid incentive payment and value-based models (APMs)

Office of Assemblymember David Chiu, 17th District

Sacramento, CA

Consultant for the Select Committee on Health Reform

2017

- Advised Asm. Chiu on policy matters; drafted and advanced a package of 13 reform bills including drug pricing
- Led meetings with legislators and stakeholders; presented original material to advance health reform

Kaiser Permanente

Oakland, CA

Master's Intern, Health Policy

2017

- Served under the Government Relations team at Kaiser Permanente's program offices, assisting in advocacy for commercial and Medicare cost controls, fair Medicare Advantage regulations, and Medicare Advantage reimbursement
- Stretch Project: "Emerging Health Risk Trends for the Millennial Generation and Gen X"

California Department of Health Care Services

Sacramento, CA

Health Program Specialist — Office of the Director

2013–2016

- Sole direct report to the California Medicaid Director and her Deputy Director team; managed and coordinated multiple high-priority projects across competing deadlines
- Led discussions with CA Legislature, CMS leadership, CFOs of county hospital systems, county executives, and consulting entities
- Led policy and financial analysis of California's 1115 Waiver; personally developed and oversaw budget neutrality calculations
- Crafted data analyses and position papers for legislative/CMS negotiations on the MCO tax, Hep C drug spending, and coverage expansion
- Lead coordinator for the Department's 32 divisions on CMS' 2017 Medicaid Managed Care Mega-regulation, drug inflation rebate legislation, FQHC payment reform pilot, and capitated rate and delivery system incentive payment innovation
